**Conference theme:
“New Evangelization,
digital culture and synodality”**

Speaker:

NICOLAS PIERRE, writer

FR/EN/ES

GlobalIntegral provides single conferences or by geographical cycle, free of charge and anywhere in the global world.

The service in any country, whose language is unknown to the speaker, requires the assistance of an interpreter at the expense of the organizer.

For the smooth running of the intervention, it is desirable that the conference room be equipped with projection and sound equipment.

However, as an aid to understanding, the projection of slides, systematically translated beforehand into the language of the audience by GlobalIntegral, is guaranteed.

As a last resort, if these conditions are not met, GlobalIntegral can travel with its own projection equipment, only a sufficiently large and white area being required.

The conference is scheduled to last approximately one hour.

The GlobalIntegral speaker makes himself available to intervene taking into account geographical, temporal and geopolitical constraints:

-Easily accessible areas:

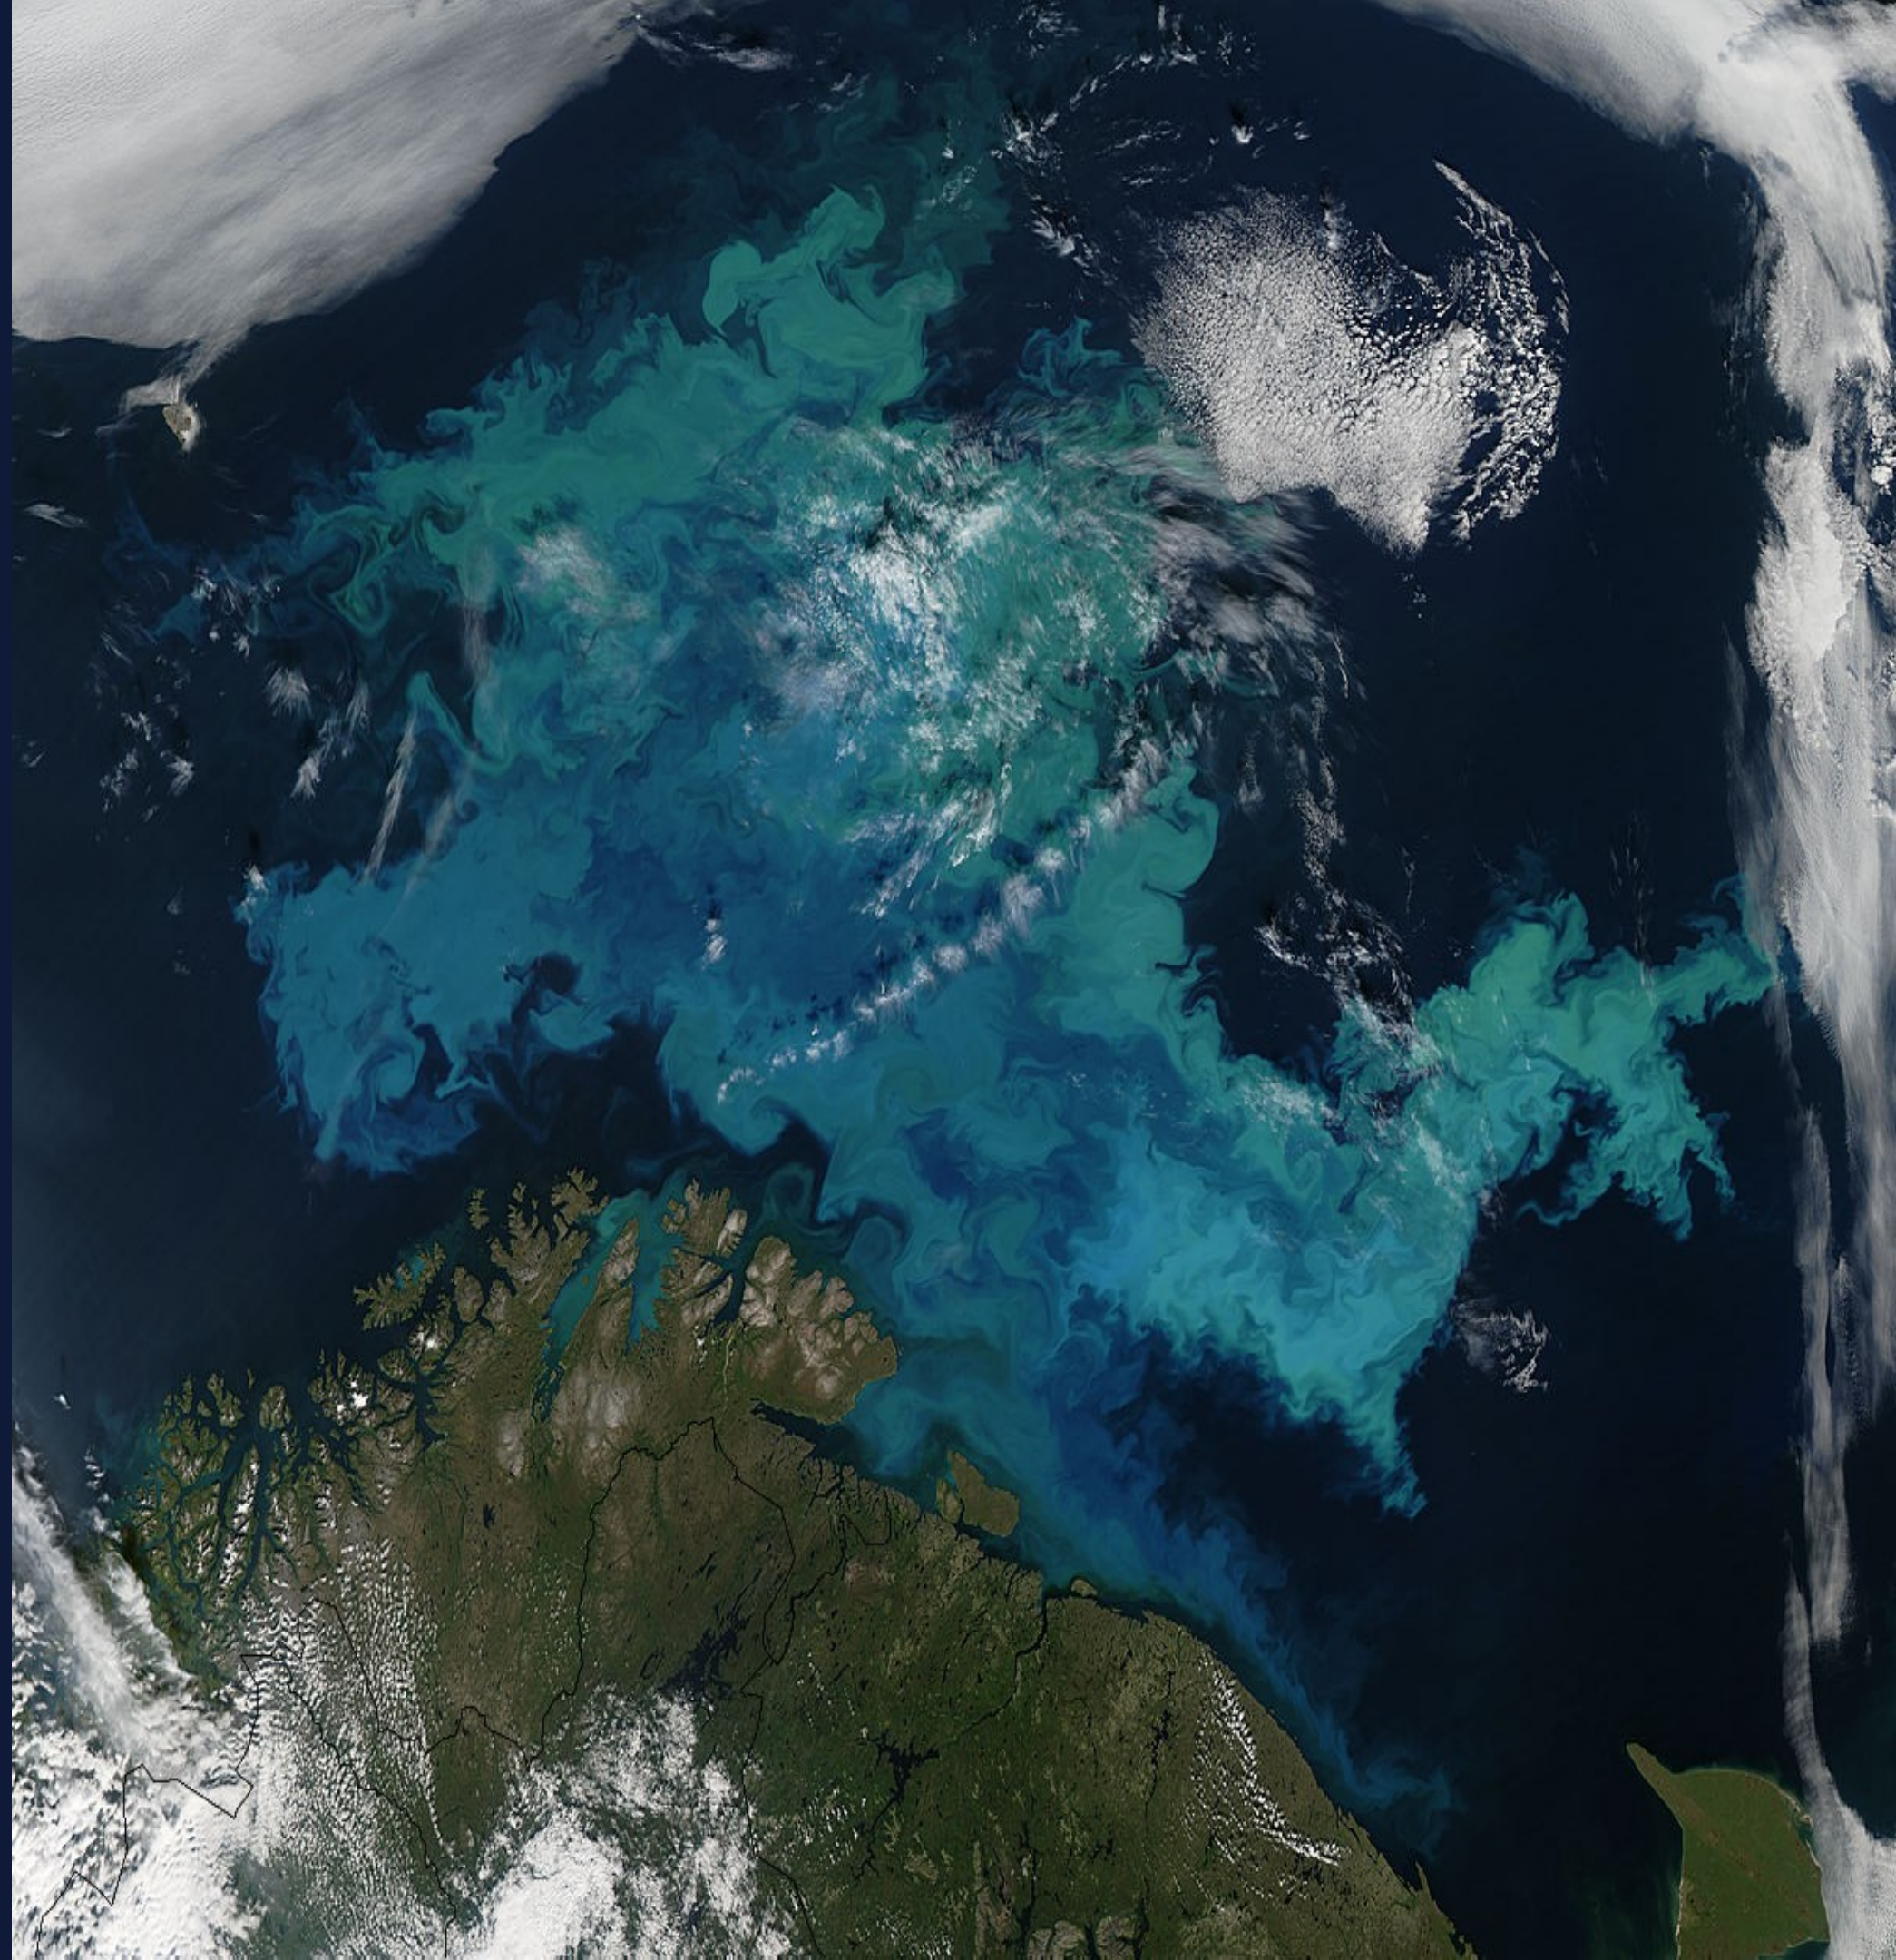

EUROPEAN UNION, NORTHERN AFRICA, MIDDLE EAST

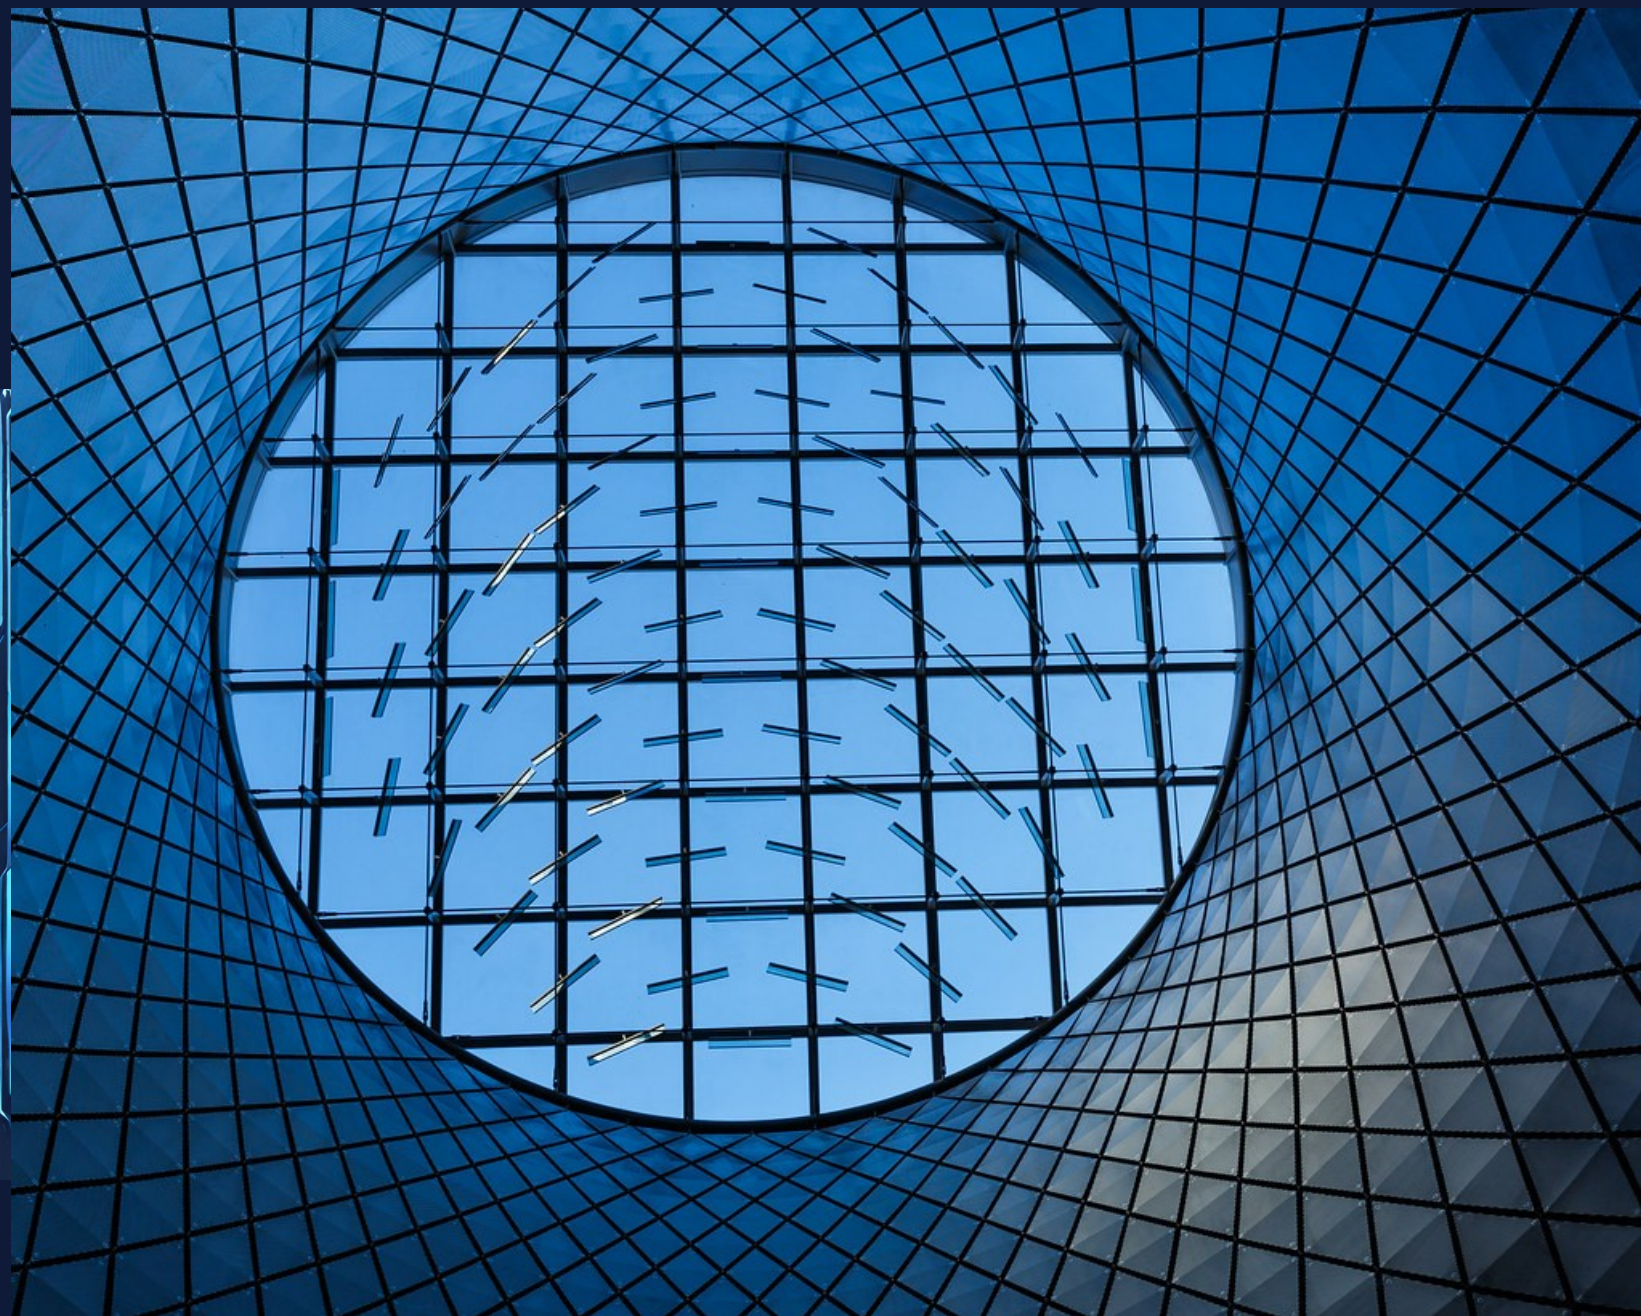

-Moderately accessible areas:

SOUTHERN AFRICA, SOUTH ASIA, NORTH AND CENTRAL AMERICA

-Difficult to access areas:

SOUTH AMERICA, EAST ASIA, OCEANIA
